Good Furniture Simply Can't Be Sold

FOR less money than we ask. It's getting to be a common saying by folk who buy goods here, "We couldn't have done so well elsewhere," and just think, "We can take our own time in which to pay for what we buy." Surety of quality and surety of lowest prices are what every customer gets—surety of service thrown in.

Our Store is a Safe

Refuge For Economical Folk.

Here's one man—the boss—in this store, whose duty it is to plan and scheme with manufacturers—fight for lowest prices—so that he can make it worth your while to buy here—he's never idle. There's another man whose duty it is to take this supply of bargains and tell you about them in the papers, and show them in the windows in as tempting a style as truth and honesty can suggest—he's never idle. These two men have put their heads together to make this Easter week the best bargain week ever known in Wheeling.

INCORPORATED

Is the Riverside Pottery Company Which is to Operate

THE NORTH WHEELING POTTERY

In the Near Future — The Capital Stock is now Practically all Subscribed—The Plant Will be in Operation at the Earliest Possible Date. The Wheeling Steel Works Scale Settled Yesterday.

A charter was issued yesterday to the Riverside Pottery Company, of Wheeling, which has for its object the manufacture of pottery ware. The incorporators are Messrs. Charles W. Franzheim, William A. Isett, Jere A. Miller, William A. Wilson and William F. Stifel, all of Wheeling.

This is the company which will acquire and operate the North Wheeling plant of the late Ohio Valley China Company. Practically all of the \$100,000 capital stock has been subscribed and the enterprise is accounted a sure go. The American Pottery Company—the combine—holds an option on the Ohio Valley's plant, which does not expire until next Saturday, but it is known with practical certainty that the combine will fall both to acquire the Wheeling Pottery Company (through changes in the combine's plan of organization, which did not satisfy the local company), and to take up the option on the North Wheeling plant before its expiration this week.

The pottery business is just now enjoying a substantial boom and the Riverside company will make every effort to put its product in the field at an early date.

The Warwick Pottery, of this city, it is stated, enjoyed the largest quarter's business in its history in the months of January, February and March of this year.

The Wheeling company, too, is having a fine run and so soon as the Riverside plant is put in operation a considerable part of one of the Wheeling plants on the South Side now devoted to the manufacture of sanitary ware will be used in adding to the company's capacity on the finer goods of china for which it is now famous from the Atlantic to the Pacific.

The Scale Settled.

The wage controversy at the Wheeling steel works was satisfactorily adjusted to all concerned yesterday morning, and the new scale will go into effect next week. The scale is considered very favorably by the employees, for it provides for substantial increases and while the men didn't get the 1897 scale, they came pretty close to it and are consequently happy, especially from the fact that the company was disposed to grant the advance from the start and there was no bickering in arriving at the result.

The wage committee conferred with President Hubbard yesterday morning and the new scale, including greater advances than proposed by Mr. Hubbard Saturday was adopted in comparatively brief time. The advance averaged about 10 per cent, and it would seem that it must average higher according to statements made by the men, for in no case reported was the increase below 8 per cent, while in many instances it was as high as 16 and 20 per cent. One man who got \$1.10 per ton will get \$1.23, and better consideration was received by others. The laborers inside the mill were raised from \$1.55 to \$1.70. The inside laborers are not many

In number, however, and they work twelve hours a day.

Nothing but satisfaction was expressed in Benwood yesterday over the settlement and the increase in wages. Not the least pleasing feature to the employees and community at large is the fact that the mill is making the steady year in its history.

Strike not Probable.

The exclusive publication in yesterday's Intelligencer of the details of the meeting of the operators and conductors of the Wheeling Railway Company's lines, and the statement that the Wheeling & Elm Grove Company had already declined the request of their men for increased wages was a matter of general interest yesterday. The fear was expressed that there would be another and even more extensive strike than that of several years ago, but the fear is not well founded, as the International Street Car Workers is a most conservative organization, which will exhaust every resource before going to extremities, and may not in any event order a strike. It is said the men on both lines would probably accept a smaller increase than the four cents an hour which they have asked.

BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.

City council meets this evening. The rehearsal of the Woman's Musical Club will be held at 7:30 o'clock this evening, at Milligan, Wilkin & Co.'s music rooms, Market street.

The funeral of the late Mrs. Albert Mager will occur on Wednesday afternoon, at 2 o'clock, from the family home, No. 8 Kentucky street, Island, with interment at Greenwood.

Auctioneer Greer yesterday continued until this morning the sale of the Kraft blocks, with shop property, on Sixteenth street. The highest bid received was \$3,400, which is considered a good figure.

The King's Daughters of St. Matthew's P. E. church will sell the Easter Herald to-day at the stores of Dillon, Wheat & Hancher, George R. Taylor Company and Joseph Graves' Sons, where they will be pleased to see their friends.

Arrests by the police last night included Sam McNamara, drunk, by Officer Allen; Ada Critzer, loitering in a house of prostitution, by Michaels, and Dave Farrell, drunk and loitering in the vestibule at John S. Welty's residence, on Twelfth street, by Knabe.

The New York Life Insurance Company has opened offices at the Exchange Bank building, rooms 18 and 19, with Mr. Joel Wittmer as agency director and Mr. William Mackey as cashier, where all business connected with the state will be transacted.

Yesterday occurred the death of Mr. Charles O'Connor, of No. 71 Eighteenth street, East End, in the sixty-seventh year of his age, after an illness of typhoid fever. He is survived by his wife, Mr. O'Connor came to Wheeling several years ago from Washington, Pa., and has conducted a grocery store on Eighteenth street.

The barratry cases yet to be heard have been reset as follows by Justice Greer: State vs. J. E. W. McCulley, April 5; state vs. John G. Haberfield, April 6; state vs. John Anderson and George Wait, April 7. The cases were to have been heard yesterday, and are postponed owing to the absence of certain witnesses.

The county commissioners' committee on court house and jail met yesterday and discussed estimates for the current year's expenditures. The jail was inspected and needed improvements considered. The committee will report to the board next Monday. The committee on poor house and farm meets to-day to discuss estimates.

Robert Downing and his company appeared in a triple bill of tragedy, romance and comedy at the Opera House last night. The bill included a condensed version of "The Gladiator," the flower scene from "Inferno" and the one-act comedy, "Park 738." Mr. Downing made the hit of the evening in the comedy as Monsieur Sangrold.

FINANCIERING FOR HEALTH.

What the New Discovery in Medical Science Proves.

YOUR HEALTH DEPENDS ON YOUR KIDNEYS.

To Test the Merits of Swamp-Root, the Great Kidney Remedy, Every Reader of the Intelligencer May Have a Sample Bottle Sent Absolutely Free by Mail.

If you wish to be rich in health, you should be as careful of your kidneys as a good financier is of his cash capital.

Your kidneys are your capital.

Your health depends principally on them.

If you can keep THEM well, you may possess your health in safety.

Now, by this is not meant that good financing for health is to overlook all the other organs and merely look after the kidneys.

Your other organs may need care—but your kidneys most, because they do most.

If you are sick, begin with your kidneys, because as soon as they are well, they will help all the other organs to health.

The immediate symptoms and first proofs of weak kidneys are pain or dull ache in the back, rheumatism, dizziness, headaches, nervousness, heart trouble, pain in the limbs, bloating, salt-water complexion, puffy or dark circles under the eyes, bladder irritation, suppression of urine, obliged to pass water often day and night, worn-out, tired feeling, lack of ambition.

If your water, when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling, or has a cloudy appearance, it is evidence that your kidneys and bladder need immediate attention.

Swamp-Root is the great medical triumph of the nineteenth century; discovered after years of untiring effort and research by the eminent kidney and bladder specialist, Dr. Kilmer.

It is pleasant to take, and can be purchased at most drug stores or medicine dealers in fifty-cent or one-dollar bottles.

Make a note of the name, SWAMP-ROOT, Dr. Kilmer's Swamp-Root, and remember it is prepared only by Dr. Kilmer & Co., Binghamton, N. Y.

Swamp-Root has been tested in so many ways, in hospital work, in private practice, among the helpless, too poor to purchase relief, and has proven so successful in every case that a special arrangement has been made by which all readers of the Intelligencer, who have not already tried it, may have a free sample bottle of Swamp-Root and thus test for themselves its wonderful curative properties.

If you will send your name and full address to Dr. Kilmer & Co., Binghamton, N. Y., a sample bottle will be sent, absolutely free by mail, post-paid, also a book telling more about Swamp-Root and containing some of the thousands upon thousands of testimonial letters received from men and women who owe their good health, in fact, their very lives, to the wonderful curative properties of Swamp-Root.

If you take advantage of this generous offer and write for a free sample bottle, be sure and mention the Wheeling Daily Intelligencer when sending your address to Dr. Kilmer & Co., Binghamton, N. Y.
